EDUCATION:

Fergusson College, Pune
M.Sc. (Computer Science)
Expected: 2024
Percentage: 83.4%

Aki's Poona College of Arts Science & Commerce
B.Sc. (Computer Science)
Graduated: 2022
Percentage: 85.23%

Aki's Poona College of Arts Science & Commerce
12th
Graduated: 2019
Percentage: 69.27%

B.T Shahani Navin Hind High School
10th
Graduated: 2017
Percentage: 80%

SOFT SKILLS:

Leadership.
Googling.
Adaptability.
Critical Thinking.
Public Speaking.
Team work.
Collaboration.

Languages:

English - *Full Professional Proficiency*
Hindi - *Full Professional Proficiency*

COURSEWORK:

Data Structures & **Algorithms**. Design and Analysis of Algorithms. Programming for Problem Solving. **Object** Oriented Programming. Operating System. Database Management System. Computer **Networks**. **Web** Development.

CERTIFICATES:

Codedamm- **Java Programming Masterclass**

SKILLS:

- **LANGUAGES –** Java (Intermediate) | JavaScript (Intermediate) | C (Intermediate) | Python (Basic) |
- **FRONTEND –** HTML (Skilled) | CSS (Intermediate) | Tailwind (Skilled)
- **INTERFACES –** REST API (Intermediate)
- **FRAMEWORKS** – NextJS (Intermediate) | ReactJS (Skilled) | NodeJS (Intermediate) | ExpressJS (Basic) |
- **DATABASES –** Firebase (Skilled) | PostgreSQL (Intermediate) | MySQL (Intermediate) | MongoDB (Basic)
- **Version-Control –** Git & GitHub (Skilled)
- **Extra –** ViteJs (Intermediate)

PROJECTS:

🔗 Quest.io - **NextJS | ReactJS| Firebase | OpenAI API | Tailwind CSS, JavaScript**

Quest.io is a developer centric platform that **automates tasks** and simplifies complex processes to **enhance code** efficiency, **eliminate bugs**, and improve existing codebases.

• **Contributed** to the design and development of a streamlined web app workflow, resulting in a **2x improvemen**t in response time **through optimized API requests** and efficient **data handling**.

•Made **formal contributions** by adhering to professional standards, employing industry **best practices**, and **collaborating** effectively with the team to ensure high-quality software delivery.

🔗 evSpace -**NextJS | ReactJS | Firebase | Google Map API | Stripe API Tailwind CSS | JavaScript**

evSpace is a user-friendly platform that allows users to **book electric vehicle** charging **slots in advance**. It offers modern features and an efficient admin panel for seamless **management.** The platform ensures easy user access with **Google Sign-in functionality.**

• Significantly **contributed** to the project's financial ecosystem by **integrating** a secure **payment** gateway using **Stripe**, ensuring seamless and secure **transactions**, enhancing user trust, and increasing **revenue streams**.

•Pioneered the implementation of an advanced booking option, effectively **reducing** human labour **by 100%** and **automating** the **reservation** process, leading to enhanced **operational** efficiency and customer **satisfaction**.

🔗 Portfolio (**Personal Project**) – **ReactJS | Chakra UI | ViteJS**

I have professionally **designed and built** an esteemed showcase of my works, qualifications, skills, and contact information, all presented in a **cohesive and visually appealing manner**. Leveraging state-of-the-art technologies such as **ReactJS, ChakraUI**, and the efficient **build tool ViteJS**, I have meticulously crafted an elegant platform that reflects **my expertise and highlights my achievements with meticulous attention to detail**
